- MPEG-2 Digital Video Format
- USB to Analog input adapter included
- USB Powered

Harmony HPSS
## Harmony Player Standard System

Harmony by ReQuest is an easy and affordable path to digital signage and user-controlled background music. With no software to install and minimal hardware requirements, Harmony is scalable to any size business. User-friendly web based interfaces are designed to emulate familiar software packages like PowerPoint and Outlook to eliminate the learning curve, enabling even a novice user to design compelling and engaging digital signage presentations.
